

KNOWN DAMS ON IOWA'S RIVERS, 2009

Zoom in on the segment of river you plan to visit for better detail. When printing click "current view" under "print range," and click "reduce to print margins" under "page scaling."

Dams on this map include low-head dams and large impoundment dams that create reservoirs. This map does not include dams on smaller streams that may be navigable, and also does not include rock dams. **● Dam**
